SUMMARY

Daniel is entering the Strategic HR field with over a decade of prior experience in consulting, management, university teaching, and IT roles. His primary expertise is in forming, leading, and developing cross-disciplinary teams of specialists in order to complete mission-critical and time-sensitive human capital projects. A primary area of focus and study is how diverse, inclusive workplaces spark innovation and intrapreneurship in firms.

His vision is for the ethical transformation to industry 4.0 in relation specifically to recruitment, talent management and human capital strategy in the United States and global markets.

Daniel finds joy in facilitating growth and development in employees as a trained and experienced executive and mindfulness coach.
